## ALBANY CITY COUNCIL DROPS FARMERS MARKET

Highlight of Monday Evening's  
Meeting Was Visit From Lieutenant  
Lloyd Jester, Home on Month's Leave

Following official action, to be taken at next Monday evening's meeting of the City Council, Albany's Municipal Farmers Market will become a private enterprise managed by a committee, as yet to be named. Council members acquiesced in the present management's request for the market be free of municipal supervision. Under the proposed plan, the market will be managed by a sponsoring group and a committee of five farmers, which has promised financial support to supplement the \$5 paid by growers, at present averaging \$5 daily.

Mrs. Wells Webb, who has been acting as temporary market manager, and City Engineer Frank Grey as principal overseer, requested repeal of an ordinance setting up city control and City Attorney Joe Young authorized to present such an ordinance next Monday night. He also instructed to contact the owner of the property, located at San Joaquin Avenue and the county line, for the purpose of transferring the market to private hands.

Other business was the first reading of a revision of disposal and refuse ordinance into one consolidated ordinance, prepared under supervision of City Engineer.

Highlighting the meeting was the presence of Lt. Lloyd Jester, USN, Albany's chief of police on military leave, who is home on a 30-day leave. Jester left the Police Department a month ago and has been engaged in operations in the South Atlantic during the past year. Stationed at Rio Hato, Jester has been serving provost marshal in charge of military and naval personnel.

At this meeting he congratulated the council on its choice of Stanley Williams as acting chief of police, and he stated "a better man could not have been chosen."

Jester's home is at 608-C San Joaquin Avenue.

## Fire Prevention Week Set for October 8 to 14

Fire Chief Fred Pimental today led upon all the citizens of Albany in the national observance of Fire Prevention Week, sponsored by the National Fire Protection Association and which will be held from October 8-14 by proclamation of President Roosevelt.

Calling fire fighting a science and fire prevention a matter of common sense, Chief Pimental pointed to the continuing curve of fire losses in the last few years, and urged home owners, factory workers, industrial workers and business men to join together to root out the fire hazards during Fire Prevention Week and to do them out.

What are the important fire hazards? There are just seven and if every one will concentrate on these, we will automatically eliminate at least 90 per cent of the fires which last year burned our homes at a rate of 100 a day."

Here is a list of Do's and Don'ts compiled by Chief Pimental:

DO not clean and repair defective dirty heating plants, including stoves and the chimney.

DO replace flammable wood shingles when re-roofing is necessary with fire-resistant asphalt shingles, or some similar material like asbestos or tile.

DO repair frayed electric cords, run them under rugs and always disconnect appliances after use.

DON'T be careless with matches or smoking. Keep matches in metal containers and out of reach of children. Never smoke in bed; have trays of ash trays and put out the cigarette or cigar — don't let them smolder.

DON'T use flammable cleaning fluid or keep in the home.

DON'T use wood or paper cartons as ash-trays—use metal containers.

DON'T allow papers, rags, mattresses, and the like, to accumulate. These should be taken out and in to your local garbage committee. Good housekeeping is one of the best forms of defense.

## IN NEED OF FIREMEN

Fire Chief Fred Pimental, Albany Fire Department announces that the department needs firemen to fill vacancies. Anyone interested should contact him at the fire house, 801 San Pablo Avenue, corner of Washington Avenue. Must be between ages of 21 to 35 years. The salary is \$185.00 a month. There is opportunity for advancement.

## Gas Panel Board Asks Co-operation From Applicants

To eliminate unnecessary telephone calls and to avoid delay in receipt of supplemental gas ratings, members of the Gasoline Panel of your local Ration Board requests that applications be filed at least ten days prior to the expiration date of the current ration. In most instances filing previous to the expiration date is possible and by so doing will permit a review of the case, preparation of coupons and the prompt mailing and avoid a bottleneck caused by last minute filing.

The ever increasing amount of work in connection with rationing at Board 83.1.11 together with the increase in the population in this District has added greatly to the work of the clerks at the Board.

You are again requested to co-operate with your local board in this matter and telephone only when absolutely necessary.

## Parents Asked to Join Albany Hi P.T.A.

Mrs. Alfred Paget, membership chairman of the P.T.A., is asking every parent of Albany High School to join the P.T.A. during their membership drive, October 9th to the 20th. Parents will be notified of the membership drive by the envelopes which the students will be given to bring home.

Mrs. Paget announces that 10 per cent of the membership dues collected during the drive will be given to the Student Body of Albany High. The other 90 per cent will be used by the P.T.A. to continue their job of Child Welfare and the prevention of juvenile delinquency.

In the past the P.T.A. has contributed greatly to this effort. In the future they will need more help than they have received in the past. "Parents are asked to join whether or not they will be able to attend the meetings, as their membership dues aid the best cause in America, the cause of youth," stated Mrs. Paget.

All tin cans should be cleaned and flattened before putting them on the curbs in bundles or boxes. As in the past, Berkeleyans are asked to get out their tin cans on Saturday night so that trucks can begin touring the city early Sunday morning.

Again, Navy trucks and manpower from the Naval Landing Force Equipment Depot in Albany will be used for the pick-up. Under an agreement with the War Council, part of the proceeds will be given to the Depot's recreational and welfare fund.

## BROADEN POWERS OF BOARD

The responsibility of the price panel of the local War and Rationing Board to negotiate with retailers for voluntary settlement involving payments to the United States Treasury or to customers in cases of overcharges was emphasized yesterday by Raymond F. Cleary, chairman of the Albany OPA Board.

Effective immediately under the new Congressional provision broadening the powers of the price panels and localizing their efforts, negotiations may be conducted which can result in payments varying from the actual overcharge to settlements for three times the overcharge, or \$50, whichever is the greater, he announced.

"Congress has clearly indicated that the problems of inflationary pricing need solution at local levels. The negotiating authority now vested in the price panels serves as a protection to both retailers and consumers, and permits an avoidance of court action. This new authority now gives price panels a means of stepping into cases of minor violations at retail and working with the retailer on a settlement that will make court action unnecessary, and at the same time develop better compliance for the future," Chairman Cleary said.

## Crippled Cougars Play San Rafael Military Academy

Albany High's Cougars, lacking full strength, take on the San Rafael Military Academy, Friday, Oct. 6. The Cougars are missing Dick Young, Albany's ace halfback and have two other starting backs running on weak legs. Max Etingoff, Jr., outstanding center of the Cougars and also co-captain may not be able to play, as he has been sick with a high temperature all week.

However, the Cougars are fortunate in having four promising reserve backs in Bill Hanson, Perry Stidger, Frazer Sellstrom, and Gene Baker, who will bring speed and punch to the Cougar offensive. Bob Varblow, one of Albany's most outstanding reserve linemen may be called upon for quite a bit of ball-playing and can be expected to play a consistent game. The remainder of the starting players are all in good shape and the two guards, Don Barbagelata and Frank Marasco, tackles, Carl Ward and Tom Crane, and ends, Jim Watkinson and Dick Pickering are expected to stop anything the Academy boys can throw at them and also to hand out an offense to watch.

This will be the "Campus Commandos" first game and not much is known about them. However, if they are anything like the "Soldiers" of the past, Albany will have a tussle on their hands. Coach "Hank" Malley will lead

## WAR CHEST GOAL SET AT \$290,000

Albany will join with Berkeley and Kensington in an area-wide campaign for 1944-45 Community and War Chest funds, which will be launched today (Friday, Oct. 6) with every campaign division manned and ready for action, to raise the area total goal of \$290,000 for 43 different welfare agencies aiding the home and foreign fronts and American men and women in uniform.

Led by Supt. of Schools Paul C. Bryan, "General" of the Albany division, and an able corps of unit leaders—Mrs. H. J. Honnert, Mrs. Bert Kruger, Mrs. Charles Eakin, Mrs. Fred Worthman, Mrs. O. Morris and Mrs. Arthur Gerling—an enthusiastic army of volunteers will take to the field for Albany's quota of \$7300.

On the eve of the drive, Dr. Vere V. Loper, president of the War Chest declared that "human kindness and generosity of spirit motivates the action of these volunteer solicitors who are giving time and effort to carry this urgent appeal to all residents of Berkeley, Albany and Kensington."

"It is the hope of all Chest leaders that residents of the three cities will respond in a like spirit of helpfulness and thus aid in bringing the campaign to a swift and successful conclusion," Dr. Loper said.

"We must not falter in our support of the war effort. We must carry our share of war and foreign relief needs, as well as our share of demands right here at home, both for those who are in need of our help now and for our returning soldiers and their families."

"The war will not be over for us until it is over for them. The cease fighting order will not mean cease suffering for our allies—it will not mean cease suffering for 'civilian war casualties' either," Dr. Loper stated.

Services to the armed forces and allied relief are to receive a large share of the War Chest fund, he pointed out. Of the \$290,000 goal, \$102,300 has been designated for War Relief, U.S.O., War Prisoners Aid, United Seamen's Service, and Hospitality Centers.

War Relief agencies include Belgium War Relief, British War Relief, French Relief, Friends of Luxembourg, Greek War Relief, Norwegian Relief, Polish War Relief, Queen Wilhelmina Fund, Russian War Relief, United China Relief, Czechoslovakia Relief, United Yugoslav Relief, Refugee Relief Trustees, U. S. Committee for Care of European Children, American Denmark Relief, United Lithuanian Relief, American Relief for Italy, Philippine War Relief, and American Field Service.

Approximately 1000 boys between the ages of 8 and 16 years are expected to attend the rally, which follows the patterns introduced several years ago, whereby the Palo Alto "Y" and the Berkeley organization entertain the Northern California "Y" boys in alternate years.

Delegations will register at the Berkeley "Y" headquarters between 9 and 9:40 a. m. on October 14. Each boy will receive a program and a red, white and blue "Y" label identification tag. ## THOMAS JEFFERSON

Father of the Democratic Party,  
if he were living today, would say:

**Jefferson  
Refused a  
Third Term**

Thomas Jefferson served as President of the United States for two terms, from 1801 to 1809. America was young in those days, and not too strong. And yet, despite his success, he refused a third term, even though times were critical. Not even the responsibilities entailed by the vast Louisiana Purchase or the imminent war with England could change his stand. For Jefferson, like Washington before him, knew there was

**No Such Thing  
As An  
"Indispensable Man"**

## The Democratic Party

—has been usurped by men who are no more "Democrats" than are Norman Thomas and Earl Browder.

## Let's Oust These Usurpers

The only way to restore our Democratic Party to its rightful owners is to defeat those usurpers, those so-called "New Dealers." There is—

## Only One Way to Do It

And that way is to elect Dewey and Bricker as President and Vice-President. This year, they are the only candidates who stand for American democracy . . . American liberties.

## So Vote November 7th

Vote for Dewey and Bricker. Vote Republican whenever you find a "New Dealer" running on the Democratic ticket. It's the only way!

## Your Car Must Last Repair Now

WHILE driving, you become aware of adjustments or repairs that are needed to place your car in first class running order. In the past you may have postponed doing anything about them. Now times have changed. Delay in having repair work done... and having it done right... could have unfortunate results. Why not play safe?

And while thinking about the mechanical condition of your car, why not consider giving it a "face-lifting"? You won't know the old car after it has been given a "face-lifting" in our Paint and Body Department!

THE OUTLAY IS SURPRISINGLY LOW IF YOU—  
**USE OUR BUDGET PLAN**

The plan is simple. For example—if the total cost of repairs, parts and painting is \$90.00 you simply pay us as little as \$30.00 down and the balance in small monthly payments.

## What's the Rush?

**IT'S THE TELEPHONE RUSH.**  
Every night thousands of service men and women dash to the nearest telephones to talk with families and friends at home. Most of the Long Distance calls from camps and naval stations are crowded into a few short hours.

Many circuits are likely to be crowded at that time and it helps a lot when you keep the lines clear from 7 to 10 for service men and women.

**Musical Comedy At Albany Theatre**

Musical films with name bands supporting the stars and with lots of fun and laughter, seem to be the popular fare for the film going public today and it is to cater to this audience that the Albany Theatre brings to its customers "Meet the People." The picture stars Lucille Ball and Dick Powell and the cast includes Virginia O'Brien, Bert Lahr, "Rags" Ragland, Vaughn Monroe and his band, Spike Jones and his City Slickers. On the same bill will be Errol Flynn in "Northern Pursuit," an adventure of the frozen North.

Sunday's show opens with Dorothy Lamour, Dick Powell and Betty Hutton in a musical comedy "And the Angels Sing." Included in the music are eight new song hits. Diana Lynn described as a minor, is the third angel in the fun. "Follow the Leader" with the East Side Kids is the accompanying picture.

**ESCOLO-PAUL**

On Tuesday, September 14, in the St. Ambrose Church Victoria Escolo, daughter of Mr. and Mrs. Philip Escolo of 914 Cornell Avenue, became the bride of William Buford Paul, chief petty officer, U.S.N.

The lovely bride, who was given in marriage by her father, wore the traditional white satin dress with a flowing train and shoulder length veil. She carried a bouquet of gardenias and orchids.

The maid of honor, Eda D'Olivo and the bridesmaid, Jeanette Lewis, were gown in net frocks of pastel shades and carried bouquets of roses.

Following the ceremony a dinner was held for the near relatives and friends at the Capri Restaurant in Oakland. Later in the evening a reception for some 200 guests was held.

The bride is a graduate of Albany High School and her parents are pioneer Albany residents.

The young couple are now spending their honeymoon in the Northwest and will make their temporary home in Seattle where the groom is now stationed.

DAY  
ROW

The "Water of 'Yesterday and Tomorrow'" still insists he does not want a "by-line."—Ed.

The U. S. Secretary of the Treasury has an idea during the recent Allied conferences for which he has been the butt of criticism; it is the handling of Germany. He has another war in 20 years or so. His idea, from what his friends tell us, is to complete de-industrialize Germany and make of it an agrarian nation.

It is all fairness to our Secretary to point out an original idea on his part. It is a new idea in the world. He can remember not so many years ago as victories came to the Allies that it was to be Hitler's plan to make an agrarian nation. He would make an agrarian nation of France while the more advanced master race, because of their intelligence and capacities, would become the industrial center of Europe. Now this is Mr. Hitler's and Mr. Morgenthau should be credited for seeing the possibility of it. It is not as Hitler planned it in reverse to hold Germany in a mission.

His agrarian idea can best be illustrated by considering what might happen if the West Coast were an independent nation and forced to defend itself against Japan. And what would be our weapons were we an agrarian nation, ply wood boats and guns? Without the vital coal, iron mines, smelters and mills, defeat would be certain; we would not hope to wage an aggressive war against Japan possessing these materials. Yet with our agricultural wealth and the materials we can conceivably enjoy a high standard of living.

Japan planned well its intrigue against us. Not having the coal and iron in sufficient quantities to challenge us she led us to believe she depended upon our scrap iron. She was moving into Manchuria and developing mills, smelters and facilities to carry on a war long after meager scrap iron had been de-

pleted. And is it not our plan now to de-industrialize Japan of its Manchurian metals and coal to prevent her making war upon us in the future? It is not necessary that all industry be stopped; only the basic military necessities?

Italy has been a classic example of a nation without coal and iron with big ideas about Empire and conquest. Italy with a fleet she could not fuel and without steel to replenish that fleet and prevented by Britain from securing that countries coal and iron for conquest, turns to a more kindly considerate mine owner, Germany, for assistance. What a natural, both with like ambitions—why not an Axis partnership.

The unfortunate situation is that Germany possesses coal and iron and can manufacture sufficient oil to start a war and by reason of the possession of all the basic military necessities considers herself to have the right to prowl. Having emerged from Feudalism too late, later than Britain and France, and others lacking control of the seas, Germany finds herself envious of what others now possess. No nation nor individual, no matter how obtained a wealth or property is going to give up that property to Germany by any conceivable Court of Law. Having this set of facts and not being able to convince Germany of respect for Ownership of property there seems no way short of military or industrial control such as suggested by our Secretary.

It is impractical to take or close mines but, we could take all smelters and rolling mills to France and Poland. These latter countries could fabricate the materials and Germany could be restricted to a quota of steel for all purposes short of war materials. Thus, in an emergency, the time necessary for Germany to set up rolling mills and smelters would give their neighbors time to enter and prevent any aggression which might be contemplated.

Those who say to de-industrialize Germany would ruin Europe must consider: what has Europe or the world ever received from German industry? Every 20 years we have seen a new hoard racing destructively across Europe destroying the cities, the cultures, the art treasures, almost destroying an entire civilization.

Walter Plays New  
Deal Agencies

The more than 2400 government bureaus and agencies set up by the New Dealers in Washington and the havoc and ruin they had wrought in the ranks of small business men were the targets of Chesley M. Walter, Republican nominee for Congress in the seventh district as he fired the opening gun in his campaign yesterday.

Walter, attorney and veteran of World War I, spoke before an enthusiastic group of his campaign leaders at a conference held at Alameda County Republican campaign headquarters at 414 Thirteenth Street.

"The small business man is the backbone of America. But mounting taxes, restrictions, bureaucratic rules and regulations, together with forms and still more forms, have sadly decimated his ranks," declared Walter.

More than 750 active campaign workers already have pledged themselves to aid Walter's campaign for Congress.

If we must choose between German industry with 20-year intervals of war and death then it might be more intelligent to let Germany have a 20-year interval of depression and famine. It would be vastly cheaper to give them lend-lease food every 20 years and not disrupt our entire national existence.

'Y' Girls Plan for  
State Conclave

Miss Harriet Middleton, head of the Art Department, and counselor for the Girls' Junior High Y, announced this week plans the girls of this school have made to meet in Berkeley with Junior High Y Girls from all North California sometime this month. The state conclave will take place at the Berkeley Y. Miss Middleton and about thirty-five girls will represent Albany.

About two hundred girls plan to attend the United Artist Theater and later adjourn to one of the Berkeley parks for lunch. In the afternoon, with banners flying, the girls will attend the California game.

E. B. C. Committee  
Against Proposition  
No. 12 to Show Film

The East Bay Citizens' Committee Against Proposition No. 12, departing from the customary dull political speech, is using an unprecedented media to reach the public in its campaign against the so-called "Right of Employment" measure that will appear on the November 7 ballot as a proposed amendment to the State Constitution.

The committee, headed by Alfred J. Lundberg, past president and director of the California State Chamber of Commerce, is using a sound slide film entitled "The Quest for Security" to depict the community stake in the defeat of the proposition.

The film, something entirely new for political campaigning, is the main portion of the committee's programs being presented before various clubs and organizations by members of the Key System Speaking Club. The programs are approximately 25 minutes in length and dates for the showing of the film can be made through the committee headquarters at 386 Fifteenth Street, Oakland.

An anniversary dinner, honoring their ninth wedding anniversary was celebrated with a dinner by Mr. and Mrs. R. Aguayo recently. Present at this delightful affair were Mr. and Mrs. Leslie Squires, Lenora Aguayo, Joseph Lavello and Margaret Brown.

The group will leave the "Y" 921 Kains Ave., at 9:00 a. m. and return by 4:30 and are requested to take their lunches.

Accompanying the group are Mrs. A. B. Redding, Mrs. G. Klarman, Barbara Coble, and Roslyn Booten.

Albany Ladies Winner  
Of Radio Quiz

A 15-jewel Gruen watch was the prize won by Mrs. George Bellon of Albany when she visited the "What's Doin' Ladies?" broadcast over KGO and the Blue Network Monday in San Francisco.

The watch was a reward for the correct answer to one of emcee Ari Linkletter's puzzles which he gives to the studio audience over the Monday through Friday broadcast from 2 to 2:30 p. m.

Mrs. Bellon came to the Bay Area from Liverpool, England, just 22 years ago, she announced, when interviewed over the microphone in the KGO studios.

The Dollars you give to the War Chest work hard both overseas and at home

Wherever our boys are in service—in training camps, in foreign lands, at sea in battle or convoy duty or in dreary prison camps—they need helpful attention, good music or a chance to see a good show from home. Your War Chest dollars travel far to give them that.

At home, your War Chest is on a fighting front, too. In hospitals and clinics, War Chest dollars battle disease, improve community health. In community centers, nurseries, children's institutions these dollars help prevent child neglect, family crack-ups and juvenile delinquency. Your Chest maintains homes for the aged and supports youth organizations.

## \*WHAT LEADERS SAY ABOUT PROPOSITION No. 12

GOVERNOR EARL WARREN:

"I believe a campaign on a bill of this kind would be a bitter one which would cause disruption rather than the unity which is badly needed during the war period and particularly when this is being called upon to make the greatest effort in her history to win the war in the Pacific the success it must be."

Chamber of Commerce:

"It is the right of every citizen to organize into unions is the legal right of every citizen."

California:

"The proposition has been condemned as vicious and disruptive of the industrial agreements between organized labor and management in opposition to the present State and National policies. Therefore, we recommend and call upon our people to vote against Proposition No. 12."
